BLAS AGUDO

CIVIL ENGINEER

CAREER OBJECTIVE

An enthusiastic and highly motivated civil engineer with knowledge in the design of civil infrastructure projects. Working and studying abroad I have learned to live and work in an international environment so I'm willing to work anywhere in the world. This international experience has also taught me to learn to deal with new and different systems and ways of working to the already known. From my work experience I consider myself committed and persevering always trying to improve my performance and knowledge to meet new challenges.

I am currently looking for a suitable position within a fast-paced and challenging environment that will offer me an opportunity to make my mark and to show my passion to grow.

EDUCATION

09/2012 – 02/2013 | Bachelor honours of Civil Engineer – Specialization Civil Constructions.

Alfonso X El Sabio, Madrid, Spain

- Environmental impact assessment.
- Design and calculation of foundations.
- Structures analysis and calculation.

09/2006 – 06/2012 | Bachelor of Civil Engineer

EUPLA, University of Zaragoza, Spain

- Health and environmental engineering.
- Hydrology and hydraulic engineering (water works).
- Topography and cartography.
- Construction procedures and construction equipment.
- Employment safety in the construction sites.
- Design of roads (horizontal and vertical alignment, drainage system).
- During the entire degree, My classmates and I were working as a team in several projects and coursework. That gave me a good teamworking background.

EMPLOYMENT

LANGUAGES

English fluent speaker

- Business English

Spanish native speaker

10/2013 – Present | Supermarket assistant | WAITROSE,
Sheffield, United Kingdom
