## WORK EXPERIENCE

### 25 November 2013 – Present Engineer

ALTRAN, Madrid (Spain)

My work is for Airbus Military in the GSE department. I'm in charge of made the correct drilling design of the JackPads. My other duty is study modifications proposals (MP). The MP which I study involves all the ATAs Chapters.

27 May 2013 – 22 November 2013

### Design engineer

ALTRAN, Madrid (Spain)

Design engineer in the Embraer KC-390 project. My activities were to design machined and sheetmetal pieces for the central fuselage and the main landing gear bay (MLGB). After working with the 3D model I have to made the annotation of the pieces using Catia V5 module FT&A.

I also was the person in charge to ensure the correct operation of ENOVIA VPM.

17 December 2012 – 24 May 2013

### Trainee at Airbus Operations

EADS, Getafe (Spain)

I was part of the design system installation team for the A350. My duties were to study weight saving proposals in the systems installation for the S19.1 and the HTP of the A350.

Once the study was done I shall made the 3D models in Catia V5 using Catia V5 electrical module. All the models done in Cataia must complain with the SIDP92.

When the study and the 3D model were done I had to complete the CR (change request) form and sent it for approval.

I also work with RCNs of ATA 92 and ATA 20
