A self-motivated and committed professional, with engineering studies and project management experience. I am able to work under pressure, according to objectives and with deadlines. Presently I am waiting for a suitable position offering new opportunities to further my skills and keep reading.

EDUCATION

2012-2013: Master in Professional Development, Alcalá University, Madrid, Spain.

In this the Master I had the opportunity to study different management, business and finance related subjects, distributed in the following modules:

- Management & Productivity.
- International Business & Change Management.
- Processing and Communication Challenges.
- International Business Law.
- Business & Finance.
- Professional Networks and Human Resource.

Master's Final Project Work: "*Project Management within A350XWB Program*". (Mark: 8/10)

2008-2013: Technical Aeronautical Engineering – Airports specialization, Madrid Technical University, Spain.

Final Project Work: "*Noise in airports*", Università degli Studi di Padova (Erasmus Grant - Italy).

PROFESSIONAL EXPERIENCE

January 2014- Currently: Young entrepreneur, consultancy services, Madrid, Spain.

Currently I am working on this new project bounded to the real state consultancy. At this early stage we are laying the foundations in order to open to the public as soon as possible.

December 2012 - Dec 2013: Internship Project & Program Management (A350-1000 RFE Program), Airbus Operations S.L. (Getafe, Madrid, Spain).

For over a year I worked for this multinational as PMO, reporting to the Program HO. My primary responsibility was to supervise each KPI in the production process, taking into account risks analysis, deadlines and interdepartmental work. My remaining responsibilities were the following:

- Costs & resources monitoring.
- Planning control and follow up.
- KPI's creation and visual implementation management.
- Teams coordination.

LANGUAGES

- **Spanish:** Native tongue
- **English:** Advanced level writing, speaking and reading.
First Certificate in English (FCE).
Several stays in the UK and Ireland.
- **Italian:** Intermediate level writing, speaking and reading.
Studied Italian for six months in Padova (Italy).
- **French:** Basic level writing, speaking and reading.
Took French lessons during four years.

IT SKILLS

- MS Office including MS Project: advanced level.
- Airbus software and tools (Unified Planning, Reporting Centre, Decimo, Active)
- Risk Management tool (CORE IP): advanced level.
- AutoCad: intermediate level.
- Catia V5: basic level.

SOCIAL SKILLS AND COMPETENCES

Personal

- Proactive
- Initiative and cooperation, assuming responsibilities
- Teamworking
- Adaptability to multicultural environments due to my experience abroad
- Outgoing, easy for HR and leadership

Mobility

Both national and international

INTERESTS AND HOBBIES
