PROFILE

I am an Aeronautical Engineering graduate from the UPM, Madrid, specializing in Airports and Air Navigation. I have over 3 years' professional experience, working for AENA at Malaga Airport and Deloitte as an IT Strategy Consultant. My main strengths and skills include: Quality Control Knowhow, Project Management and Team Project Expertise and additionally I hold the ITIL Foundation Certificate.

At present, I am improving and furthering my knowledge in the Aviation Industry by studying an Msc in Air Transport Management with ITAérea and I just finished a 5-month Master in Professional English with Vaughan Systems. I am open to opportunities and keen to further develop my experience and skills in a challenging role with a well-regarded company in the Aviation Industry.

PROFESSIONAL CAREER

DELOITTE, IT Strategy (January 2011 – October 2013)

SEPI Group - DELOITTE, IT Strategy (September 2010 – December 2010)
