SKILLS & COMPETENCES

PROFFESIONAL EXPERIENCE

November 2012 - October 2013

Intership at EADS Airbus Defence&Space (San Pablo North factory) Sevilla (Spain)

- Customer services.
- Scope: Project Management, Contracts, Operations
- Developing the "Vendor Monitoring Project", for Repair Services Division (MSMOR) of EADS. The project consists on, defining, establishing and managing a new and efficient measuring method for global repair suppliers of Airbus Defence&Space and their customer fleets. So MSMOR, periodically, can know the status of the service level agreement performance through different KPI's.

In turn, I played many roles into the department to support all team members, so I became a department's multi-functional asset.

September 2010-March 2011

Salesman at TemaPromotion S.A C/Raimundo Fernández Villaverde Nº 59 – 28003 Madrid (Spain)

- Customer service.
- Responsible of promoting and selling products directly to customers and identify their needs.
- Campaigns to attract new customers.

September 2010-December 2010

Trainee at CASET de Proyectos y Obras S.L C/Batres, S/N Ventorro Cano 28925 Madrid (Spain)

Collaboration on a structural calculation project.
